# Reducing Louisiana’s uninsured with affordable premiums and better plan designs.

Most people agree: **healthcare is too expensive**. Ambetter’s goal is to provide more appropriate, more affordable coverage with lower out of pocket costs for members. Our approach ensures coverage for members who see their doctor or need hospital care and helps reduce uncompensated care as well as “bad debt” for providers. We focus on maximizing the value of available subsidies in order to benefit our members.

As the **#1 Health Insurance Marketplace® carrier** in the country, Ambetter Health helps lower-income, previously uninsured individuals and families by providing them with affordable care. Launched in Louisiana in January 2022, Ambetter from Louisiana Healthcare Connections offers coverage in 20 parishes (starting January 2024).

Ambetter plans cover essential benefits such as:

- » preventive and wellness services
- » maternity and newborn care
- » pediatric services
- » mental health and substance abuse services
- » hospitalization
- » prescription drug coverage

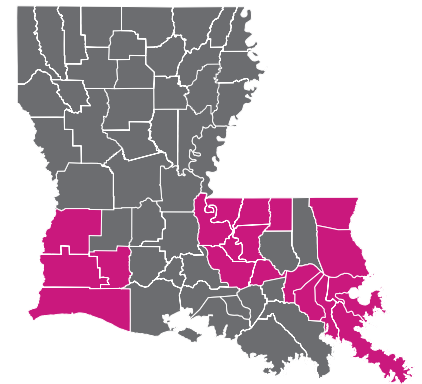

Plans also include access to telehealth, online enrollment assistance, and the My Health Pays® program, which allows members who participate in healthy activities to earn rewards towards healthcare expenses.

With a growing provider network and 33,000 members\*, Ambetter from Louisiana Healthcare Connections is Louisiana’s partner in **better** healthcare.

\* As of November 1, 2023.

*“When I got my cancer diagnosis, we had Ambetter helping us every step of the way. Without them, I think our family would have been struggling—not just financially, but also emotionally. Ambetter has truly been a great partner all along the way.”*
